

Got Questions?

Jodie Brewer, our Camp Director, will be available to answer questions, show sample activities, and lesson plans from past camp sessions on Saturdays, usually, from 10a.m.–5p.m.

If you are not able to come to the Science Center, just simply call or email her at (330) 665-DINO or Kids@AkronFossils.com

2080 S. Cleveland-Massillon Rd.
Copley, Ohio 44321

Location

We are conveniently located in Copley Township only 15 minutes from downtown Akron. You can find and print **driving directions** on our website.

Volunteers Needed

We are always looking for youths and adults ages 13 and up to be Camp Guides for our small groups.

Our requirements are that you love working with kids, love science, and can handle the summer heat!

If you are interested in applying, please fill out a volunteer form from our website.

Submissions can be made in person, through email, or by standard mail.

Other things to do...

Our museum is fun for the whole family! We offer museum tours, park admission, science classes, birthday parties, lecture series, scout days, Super Science Saturdays, canoe and rappelling trips, and more!

Summer Day Camps

AKRON
FOSSILS & SCIENCE CENTER®

**Dinosaur
Adventure
Camp!**

Dinosaur Adventure Camp is a summer day camp for children ages 5-11 who love dinosaurs, fossils, science, arts, crafts, crazy games, adventure, and the great outdoors!

About Camp

At our Dinosaur Adventure Camps, children ages 5-11 are encouraged toward a love for science and the great outdoors.

Our camps are a safe and fun environment where campers can discover, create, explore, get messy, and make new friends.

Each day, campers are divided into dinosaur themed adventure teams according to their age that rotate through activity stations that reinforce the learning theme of the week.

DISCOVER—Campers get a chance each day to discover something new in the field of science through a hands-on teaching session.

SNACK— Campers get a boost of energy while using their food as a learning tool.

CREATE—Campers create something memorable that goes along with the themed learning to take home.

PLAY— Campers get to enjoy the great outdoors while having fun in the park and making friends.

Camp Dates and Times

Our camps run Monday - Friday. The **morning session** runs from **9a.m.—12:30p.m.** and then the **afternoon session** continues the learning on the topic from **1:30p.m.—5p.m.** A lunch and play break is given in between camp sessions for campers who stay for the whole day. **No food is provided during this time.** Campers will need to bring their own lunches. Money may be brought for beverages and snacks to be purchased in our gift shop.

Week One:

Dinosaur Hunters
June 12-16, 2017

Week Two:

Dinosaurian World
July 24-28, 2017

Camp Registration

Download the registration form at www.akronfossils.com/camps or you can register in person at the museum.

A payment plan is available.

One Session per week: \$95.00
Two Sessions per week: \$160.00
Multiple Camper Discount: \$10 OFF per child per week

A \$20 non-refundable fee is included with the registration price.

Registration closes one week prior to the start of each camp session.

F.Y.I.

- Each of the camp sessions are five days long and run either in the morning from 9a.m.—12:30 p.m. or afternoon from 1:30p.m.—5p.m., Monday through Friday.
- A supervised lunch and play period is provided between morning and afternoon sessions for campers attending both sessions.
- Our camps are run by our mature, knowledgeable and entertaining staff.
- Some of our camp activities take place outdoors and campers should dress accordingly.
- Before and After Play Care is available for an additional cost. See registration form for cost and times.

Curriculum

Some things we will learn at camp are:

- what historical and operational science are
- facts and theories about fossils
- how scientist believe fossils are formed
 - what the fossil record is
 - how scientists dig for fossils
- the different views concerning the fossil record
- evidence of geological changes
 - rock layer formation
 - dinosaur classifications
 - replicas
 - artists renditions
- new technologies in the search for fossils
 - preservation
 - and much more
